Use this page to add or change records in your building's Course Catalog. All courses that are offered in your district must be defined in the Course Catalog. You may define a course that will have course-sections defined in the Master Schedule or a [block course](#) that will have blockettes (multiple courses that are combined under one course number).

For each student, this report indicates unassigned periods in the student's schedule and why they are unassigned. The report has two possible sections. The first section lists the student's unassigned and scheduled periods. The second section lists the course-sections corresponding to unscheduled requests, with the reason each course-section could not be scheduled, such as conflicts or grade restrictions. The second section only displays if the Print Conflicting Courses box is checked.
