

Compass Learning Odyssey

Compass Learning Odyssey provides a robust PreK-12 curriculum with hands-on activities a computerized learning environment. Odyssey curriculum includes PreK-K, Reading/Language Arts, Writing, Math, Science, Social Studies, Cross-Curricular, Secondary, and English Language Learners. It can be accessed at <http://compass.mhu.k12.ca.us/childu/index.html>.

The browser-based solution allows administrators and teachers to track student, class, school, and district data, aggregate and disaggregate the data, and produce detailed reports in compliance with NCLB requirements. The comprehensive data also helps educators and the district and school levels make more effective decisions about curriculum and instruction.
