Performance Explorer: Current Class Breakdown by Performance Level

State of the current student population

Performance Explorer: A Teacher's Current Class: How they did last year

1. Login to MEASURES Applied Plus
2. On My Reports, select a Saved Performance Explorer report that contains:
 - The tests from the appropriate school year (i.e. 03/04 CAT/6)
 - "By School, Grade, Teacher"
3. Click on the report, you will see the breakdown of your class by performance level
4. Hover over each performance level in the bar chart
5. Click on the link in the colored bar to see the students in that performance level, sorted alphabetically

To see another group of tests

1. In the top right corner of the screen, click the underlined test set
 2. Select another test set
- OR
3. Click My Reports
 4. Select a different Saved Performance Explorer report

To print the colored bar charts in Performance Explorer

1. Click Tools in the Internet Explorer main menu
2. Select Internet Options
3. Click the Advanced tab
4. Under Printer Options, check the Print Background Colors and Images option
5. Click OK
6. Open the Performance Explorer report that you wish to print
7. Click File in the Internet Explorer main menu
8. Select Print

Note: Percent Proficient is only considered valid for performance or criterion referenced tests such as the CA Standards tests.

Study Questions on Performance Explorer

Looking at the picture on the previous page, answer the following questions:

1. What tests are included in this report?
2. How are the students grouped?
3. What percent of students are proficient on the CA Standards ELA test?
4. How many students are in the Basic performance level?
5. How can you see who those students are?

Performance Explorer - Previous Class Breakdown by Performance Level

State of last year's student population

Performance Explorer: A Teacher's Last Year's Class: How they did

1. Login to MEASURES Applied Plus
2. Click on Roster
3. Select the date of the roster you wish to analyze (i.e. 07/04/06)
4. On My Reports, select a Saved Performance Explorer report that contains:
 - The tests from the appropriate school year (i.e. 03/04 CAT/6)
 - "By School, Grade, Teacher"
5. Click on the report, you will see your class broken down by performance level
6. Hover over each performance level in the bar chart
7. Click on the link in the colored bar to see the students in that performance level, sorted alphabetically

Performance Explorer: A Teacher's Last Year's Class: How they improved after a year with you

1. Login to MEASURES Applied Plus
2. Click on Roster
Select the date of the roster you wish to analyze (i.e. 07/04/06)
3. On My Reports, select a Saved Performance Explorer report that contains:
 - Longitudinal data (i.e. 02/03-03/04 CAT/6)
 - "By School, Grade, Teacher"
4. Click on the report, you will see the breakdown of your class by performance level in two subsequent years (before they were in your class and after)
5. Hover over each performance level in the bar chart
6. Click on the link in the colored bar to see the students in that performance level, sorted alphabetically

Note: Percent Proficient is only considered valid for performance or criterion referenced tests such as the CA Standards tests.

Study Questions on Performance Explorer

Looking at the pictures on the previous page, answer the following questions:

1. What percent proficient was Pam's class on the 02/03 CST ELA?
2. What percent proficient was Pam's class on the 03/04 CST ELA?
3. How much did she help her students to grow?

Target Areas - Current Class **Tests and Students** **Sorted by % Proficient** Performance overall and for individual students on groups of tests

Target Areas - A Teacher's Current Class: Tests sorted from weakest areas to strongest

1. Login to MEASURES Applied Plus
2. On My Reports, click the Standard Report **Target Areas**
3. Select a Period, if you have a different class of students each period
4. Select a Test Category (CAT/6 and CA Standards are under **District Measures**. CA Standards Subtests are under **CA Standards Subscores**.)
5. Select a Test Subject, if desired
6. Enter a date range for the test years you would like to see (i.e. 08/01/03 through 06/30/04 for last year's of scores)
7. Click Analyze, you will see the selected tests sorted by how well your students scored on them from weakest to strongest

Target Areas - A Teacher's Current Class: Students sorted by % Proficient on test(s)

1. Follow the steps above
2. Click **Show Proficiencies** checkbox
3. Select individual tests that you want to see the scores OR click **Select Top** to select the top 20 tests in the list
4. Click **View Report**, you will see students sorted by % Proficient, then by Average Proficiency
5. To change the group of tests or the sorting options, click **Change Parameters**

Note: Click **Web Resources** to find curriculum and lesson plans aligned to the CA Standards covered in that test. Only available for some CA Standard Subscores and some district measures, if aligned to CA Standards.

Note: Percent Proficient is only considered valid for performance or criterion referenced tests such as the CA Standards tests.

Study Questions on Target Areas

Looking at the pictures on the previous page, answer the following questions:

1. What are the strong and weak areas of this class?
2. To re-teach the weak areas, where is one place you can you find curriculum resources aligned to CA Standards by grade level?
3. What are the strong and weak areas for Eric Riel?
4. What is the % Proficient for Pedro Padilla?

Target Areas – Last Year’s Class Tests and Students Sorted by % Proficient

Performance overall and for individual students
on groups of tests

Target Areas: A Teacher’s Last Year’s Class: Tests sorted by name, date

1. Login to MEASURES Applied Plus
2. Click on Roster
3. Select the date of the roster you wish to analyze (i.e. 07/04/06)
4. On My Reports, click the Standard Report **Target Areas**
5. Select a Period, if you have a different class of students each period
6. Select a Test Category (CAT/6 and CA Standards are under **District Measures**)
7. Select a Test Subject, if desired
8. Enter a date range for the test years you would like to see (i.e. 08/01/03 through 06/30/04 for last year’s of scores)
9. Select Sort by: Test Name
10. Click Analyze

Target Areas: A Teacher’s Last Year’s Class: Students sorted by % Proficient on test(s)

1. Follow the steps above
2. Click **Show Proficiencies** checkbox
3. Select individual tests that you want to see the scores OR click **Select Top** to select the top 20 tests in the list
4. Click **View Report**, you will see students sorted by % Proficient, then by Average Proficiency
5. To change the group of tests or the sorting options, click **Change Parameters**

Note: Click **Use Active Test Set** to view the tests in the upper right corner. Click **Match Scores** to view only those students who took ALL the selected tests.

Note: Percent Proficient is only considered valid for performance or criterion referenced tests such as the CA Standards tests.

Study Questions on Target Areas

Looking at the pictures on the previous page, answer the following questions:

1. What was the average score on the 2003 CST ELA test?
2. What was the average score on the 2004 CST ELA test?
3. How much on average did the teacher in 03/04 help his students to grow?
4. How much did Pavanjot Saul grow in his CST ELA overall scores?

Student Profile/EL Profile

Student's testing history

Student Profile: A student's test history in the district for at least 3 yrs

1. Login in to MEASURES Applied Plus
2. On My Reports, click the Standard Report **Student Profile**
3. Select a Period, if you have a different class of students each period
4. Select a Comment Subject, if your district is entering comments into the Comment Log
5. Select an individual Student OR select All to create a Student Profile for every student in your class.
6. Click the Multiple Measures only checkbox if you only want to see STAR and district assessments on the Student Profile
7. Click the Show Comments checkbox, if you would like to see the Comments entered about this student
8. Click **View Report**

Note: You may only run Student Profiles for up to 50 students at a time. To select less than 50 student select students by a single teacher in User Preferences, or by period

Note: There is a separate graph for each test designated as a Multiple Measures (see the MM column in the Student Profile.) The colored bars in the graph represent the following:

- Blue** – The average score of students in the same district, school, and grade
- Red** – The score designated as Proficient by the state or by your district
- Yellow** – The student's score

Note: All Average NPRs have been converted to NCE scores, averaged, then converted back to NPRs for statistical validity.

Note: The Y(es) and N(o) for Reading and Math Multiple Measures Proficiency is based on the weighted average for each test designated as a Multiple Measure for that subject.

Study Questions for Student Profile and EL Profile

Looking at the pictures on the previous page, answer the following questions:

1. In 3rd grade was Rodrigo Canales proficient in Reading? In Math?
2. In 4th grade was Rodrigo proficient in Reading? In Math?
3. For what tests does the Student Profile create graphs? The EL Profile?

API Estimator

Breakdown of student population by performance, exclusions, and district mobility

API – Based on time-of-test student population

1. Login to MEASURES Applied Plus
2. On My Reports, click the Standard Report **API Estimator**
3. In the gray box, select a **School**
4. In the gray box, select a **Year/Reporting Cycle** (i.e. 2004 Base)
5. In the gray box, select a **Grade** range from [the lowest grade] to [the highest grade], if desired
6. Click **Calculate**. The API displayed is based on students who tested for the Year selected. The number of students scoring in each quintile is displayed by test.
7. Click a number in one of the quintiles to see the student names, IDs, scores, exclusions, and district mobility for all students in that performance band.

API – Based on current students

1. Login to MEASURES Applied Plus
2. On My Reports, click the Standard Report **API Estimator**
3. Select the Active Student Set you wish to analyze (upper left corner of the page), or select students using Preferences.
4. Click Filter by **Active Student Set** checkbox
5. In the gray box, select a **Year/Reporting Cycle** (i.e. 2004 Base)
6. Click **Calculate**. The API displayed is based on students who appear in the Active Student Set. The number of students scoring in each quintile is displayed by test.
7. Click a number in one of the quintiles to see the student names, IDs, scores, exclusions, and district mobility for all students in that performance band.

Note: You can see the respective weight of each test in the API calculation at the bottom of the API Estimator page, after you calculate.

Study Questions for API Estimator

Looking at the pictures on the previous page, answer the following questions:

1. What is the API score shown?
2. How many students scored in the bottom quintile of the CST ELA test?
3. How do you know if the API is based on the whole school or just your class?

Customize a List of Students – Include any desired demographic and score information

1. Login to MEASURES Applied Plus
2. In the Main Menu, click Reports
3. Select **Custom View/Output**
4. Select the students using Student Sets, Preferences, or Select Students
5. Select tests using Test Sets or Select Tests, if desired
6. To add or remove columns with demographic information, click **Customize Student Info...**
7. In the **Available** column, click any item that is being bridged from your SIS
8. Click **Add**
9. In the **Selected** column, click any item that you wish to remove from the spreadsheet
10. Click **Remove**
11. Click **OK**. The spreadsheet will update as soon as you click OK.
12. To add or remove columns with score information (i.e. Score Proficiency, Actual Test Date, Test Teacher, etc), click **Customize Score Info...**
13. In the **Available** column, click any item that you wish to include in the spreadsheet (Some scores types are not available for all tests.)
14. Click **Add**
15. In the **Selected** column, click any item that wish to remove from the spreadsheet
16. Click **Remove**
17. Click **OK**

Export file to Excel

1. Customize the list of students
2. Click **Export this data to Excel**. A new browser window will open with the spreadsheet inside.
3. In the new window, click **File>Save As**. This opens the Save As dialog box.
4. In the **Save in** box, select the location where you will save the file.
5. In the **File name** box, type the name of the saved file
6. In the **Save as Type** box, select Microsoft Excel Workbook (*.xls).
7. Click **Save**
8. Close the browser window with the spreadsheet in it
9. Go to the folder where you saved the spreadsheet and open the file. It should open in Excel and have all your desired info in it.

Study Questions for Custom View/Output

Looking at the pictures on the previous page, answer the following questions:

1. What demographic columns are included in this spreadsheet?
2. What columns with score info are included in this spreadsheet?
3. To save the spreadsheet, what file Type do you select?

Data Discrepancy Report

Please submit to:
Your administrator or your MEASURES Database Manager

- 1. How did I find the data?**
(What group of students am I looking at? What tests am I looking at? What report am I using?)

- 2. What is wrong with the data?**
(What is the problem I see?)

- 3. What is the data supposed to look like?**
(What would I see if the problem wasn't there?)

Datawise Workshop Evaluation

Location of Workshop _____ Date _____

Name (optional) _____ Datawise Trainer _____

Knowledge	Strongly Disagree		Strongly Agree		
1. I understand the material presented	1	2	3	4	5
2. The presenter delivered the topic clearly & concisely	1	2	3	4	5
3. I feel prepared to use information presented	1	2	3	4	5

Because of the workshop today...

I feel prepared to...	I have questions about...
I am concerned about ...	I would just like to say...
