California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

El Toro Health Science Academy is situated in the western foothills of Morgan Hill between commercial, greenbelt, suburban homes, and apartments. Our transitional kindergarten through fifth grades, multiage Autistic classroom, and Preschool/Kindergarten Autism classroom are housed in 24 classrooms. Our children come from many diverse backgrounds from throughout the valley.

Our mission is to Educate, Inspire, and Empower EACH El Toro Scholar. The staff at El Toro Health Science Academy firmly believes that all of our students will be successful and strive to provide a strong curriculum based on the California Common Core State Standards with a focus on results. The staff works with our parent partners to educate the whole child. They promise to provide a safe and compassionate yet challenging and progressive learning experience for each student. They work as a team of parents, educators, and community members to develop educated, responsible students who will be our citizens of tomorrow.

The El Toro Health Science Academy staff and community believe that students should always be respected. They also believe that they learn best in a safe, engaging, caring, and supportive environment, that powerful learning takes place when students connect life experiences with learning, and that students need clear and high expectations with multiple pathways in which to learn. They believe that strong positive communication builds bridges and that learning is a lifelong process. The partnership between students, parents, teachers, and the community is an important component for student success.

We are constantly working to maintain a positive learning environment and grow student achievement using researched based and results driven best practices to deliver high quality instruction/assessment in math and reading. We are staying focused on providing lessons to meet the diverse needs of our children and learning the best ways to teach children as a learning community. Our school focuses on the three factors of high achieving schools: direct explicit instruction, the response principle, and a multi-source curriculum. We believe children need to talk about their learning both during direct instruction, hands-on activities, and in small group instruction. El Toro is a very unique school in that our school culture represents a kind, caring and collaborative environment. This is directly modeled by our teaching staff to students, parents and community as a whole. We value the importance of a calm, controlled and engaging learning environment that promotes students' thinking rather than memorization without meaning. Our school maintains one of the highest positive attendance rates in the school district.

Our After School program supports reading, math, and homework intervention two days a week using, computer-assisted instruction and small group instruction from teachers and paraprofessionals.

Our students attended Science Camp and we have an annual school play.

Our school-wide intervention practices include TK, K, 1st, 2nd, 3rd, 4th, 5th and multiage reading and math support.

Our Home and School Club has been very active in fundraising and organizing community events.

Our school continues to strive to increase our student attendance rate, which reflects our belief in students being present as a core contributor to student success.

We identify GATE students based on multiple criteria: Intellectual, Specific Academic, High Achievement, Creativity, Leadership, and Visual and Performing Arts. We use standardized test results as well as anecdotal data to assess students.

The core curriculum is differentiated and based on the California Common Core State Standards, which provide our students rigorous academic learning expectations. Services are an integral part of the school day and may be augmented by a pullout program for special activities outside the classroom, after-school enrichment, or independent study projects.

We have one full-time Resource Specialist Program (RSP) teacher and one assistant who work with our special education students. We have a speech therapist two days a week and a psychologist two days a week. Resource students stay in the regular classroom as much as possible, but come to the RSP classroom to work in small groups or one on one in their area of difficulty. In the regular classroom they receive accommodations according to their Individualized Education Programs (IEPs). Examples include more time to take tests, sitting close to the teacher, or altered homework. Our resource students have mild to moderate learning differences. We provide Designated Instructional Services in occupational therapy and adaptive PE as necessary. We also have a preschool speech program.

Our teachers deliver instruction to our English learners with a focus on addressing language development and acquisition through an ELD period and core content instruction. Designated teachers teach English Language Development (ELD) intensively during 1 instructional period (45 minutes) to English Learners based on individual CELDT levels. All of our English learners are in regular classrooms and we provide differentiated instruction to their level of comprehension. All of our teachers attend seminars that address ways to present subject matter to English learners, and we plan further training and professional development in instructing the ELD standards. Many of our English learner students have intervention opportunities via computer based programming to supplement the daily primary instruction. We encourage the parents of English learners to join our English Language Advisory Committee (ELAC). We depend on the ELAC to help improve and expand our ELD program as our English learner population continues to grow.

School Facility Conditions and Planned Improvements

Nestled between El Toro Mountain and Henry Coe Park, El Toro Elementary School is the proud home for approximately 400 students and a staff of dedicated teachers, classroom assistants, and office and support staff. The campus is located in the residential section of East Main Avenue and Calle Mazatan.

The Maintenance, Grounds and Custodial staff work together to provide a safe, clean and well maintained learning environment to help support student achievement.

As part of the Measure G Bond funds, El Toro received a technology infrastructure upgrade which included campus wide WiFi, new phones and a new clock/public address system. The playground area was resurfaced along with new game lines. A new roof is being installed summer 2017. Beginning in the fall of 2017 the library and classroom space will be renovated into a collaboration space to support the health and science program at the school site.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven (School Year 2016-17)

Subject	Percentage of Students Meeting or Exceeding the State Standards

Mathematics (grades 3-8 and 11)	38%	30%	43%	42%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Students Receiving Migrant Education Services	--	--	--	--
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

Our campus provides multiple opportunities for our parents to contribute to our school community. Parents are encouraged to join our School Site Council, which functions as a strategic governing body composed of parents, teachers and administration to plan, implement and evaluate funding and instructional programming. Parents of English learners are vital to our ELAC specifically and in general are a critical component of our overall learning community. In addition, classroom parents help to organize parent volunteers to help with special projects in the classroom and chaperone on field trips. As a part of facilitating our relationships and partnerships with our community we staff a community liaison in an effort to maintain our community support. Furthermore, our Home and School Club organization serves to encourage parent contributions by fundraising, supporting school programs and providing community building activities for all of our families. We purchase technology and other literary materials for the library through Home and School fundraisers such as our school-wide book fair. In addition, we encourage parents to join committees such as our Positive Behavior Intervention Support Implementation Team to build a full range of stakeholder input as we make impacting decisions for our learning community. We ask all parents to attend Back-to-School Night in the fall, Open House in the spring, and parent-teacher conferences in November.

School Safety Plan (School Year 2017-18)

Our school Safety Plan is reviewed, updated and approved by our School Site Council on an annual basis and serves as a priority document which frames all actions we take to ensure our students' safety. Our staff monitors school common areas during and after school as well as at all recesses and at lunch time. Teachers regularly deploy the rules for safe, respectful, and responsible behavior in school and on the playground. We have a closed campus that is fully fenced. Visitors must enter the school through the main door and sign in at the office, where they receive a badge to wear throughout their stay.

The School Safety Plan includes procedures for emergencies, Code Red, exit routes, and inventories of emergency supplies. We make the plan available in the office for parents. We share the plan with all staff during a school-wide staff meeting. We practice fire, earthquake and armed intruder drills.

Professional Development

Collaborative Learning drives our instructional culture and is at the core of our school excellence initiative- Professional Learning Communities. The principles of our PLC initiative anchor our curriculum, instruction and assessment actions by focusing our efforts on Learning, Results and Collaboration. Our teachers attend weekly professional learning sessions and grade level collaboration meetings. These sessions include staff development on curriculum, pedagogy, and the analysis on student achievement data. Teachers collaborate to plan standards-based instruction that includes effective teaching practices. Teachers also collaborate to analyze on-going assessment data to plan instruction that meets the needs of all students. Specific trainings and professional development has included Literacy Boot Camps, Common Core Trainings, Envision curriculum trainings, Systematic ELD and other instructional/teacher leadership and capacity building trainings.
