PUBLIC COMMENT

Members of the Public are entitled to directly address the Commission concerning any item that is described in the notice of this meeting, before or during consideration of that item. If you wish to address the Commission on any issue that is on this agenda, please complete a speaker request card located in the foyer of the Commission Chambers, and deliver it to the Minutes Clerk prior to discussion of the item. You are not required to give your name on the speaker card in order to speak to the Commission, but it is very helpful. When you are called, proceed to the podium and the Mayor will recognize you. If you wish to address the Commission on any other item of interest to the public, you may do so during the public comment portion of the meeting following the same procedure described above. Please limit your comments to three (3) minutes or less.

Please submit written correspondence to the Minutes Clerk, who will distribute correspondence to the Commission.

Persons interested in proposing an item for the Commission agenda should contact a member of the Commission who may plan an item on the agenda for a future Commission meeting. Should your comments require Commission action, your request may be placed on the next appropriate agenda. Commission discussion or action may not be taken until your item appears on an agenda. This procedure is in compliance with the California Public Meeting Law (Brown Act) Government Code §54950.

City Council Policies and Procedures (CP 03-01) outlines the procedure for the conduct of public hearings. Notice is given, pursuant to Government Code Section 65009, that any challenge of Public Hearing Agenda items in court, may be limited to raising only those issues raised by you or on your behalf at the Public Hearing described in this notice, or in written correspondence delivered to the Commission at, or prior to the Public Hearing on these matters.

The time within which judicial review must be sought of the action by the Commission, which acted upon any matter appearing on this agenda is governed by the provisions of Section 1094.6 of the California Code of Civil Procedure.

For a copy of Commission Policies and Procedures CP 97-01, please contact the City Clerk's office (408) 779-7259, (408) 779-3117 (fax) or by email michelle.wilson@morganhill.ca.gov.

4.1 Grants

City Manager Turner shared that the City of Morgan Hill's most recent grant received is for a SRO for three years and is very excited to focus on smoking and vaping.

City Manager Turner shared this would be the City's third SRO being added and now it is just about getting the staffing.

Two SRO's are not hired yet because the City has higher priorities to fill other vacant spots.

Chief Swing responded that the time period of the grant is January 2019 through December 2021, however they

Communication: April 26, 2019 City/School Liaison Committee Meeting Minutes (Approve Minutes)

have been in contact with the Attorney General's Office and they understand the staffing challenges their profession is seeing right now and they are open to extending the grant.

Superintendent Betando explained that there are SRO's assigned to Los Paseos and Murphy (SJPD) and there is the Sheriff for San Martin Gwinn.

4.2 Parks – Jackson Park Expansion and Nordstrom Park and Traffic

Director Fajardo described the building construction and street access project at Jackson and Nordstrom. The District is trying to solve the safety and security of the site for Nordstrom. Director Fajardo described various stakeholder groups have shared concerns with circulation and traffic on Dunne. The CDE State Architect provided preference for proposed configurations: pick up/drop off areas to address the current traffic concerns.

Six plans were sent to CDE who reviewed and gave feedback of what they liked/did not like of each plan. 6A and 6 are the ones that CDE preferred the most. 6 and 6A are similar.

Superintendent Betando clarified we will take input from today's discussion and discuss a proposal to take to the City.

Directors Fajardo and Espinosa reported that the District is in the early design process for Jackson and waiting for the geological studies and working on development plans. The District is waiting on appraisal numbers to determine what appraisal would be for that small spot of acquired property.

4.3 MHUSD Servicing City Fleet and Long Term Plan

Public Service Director Chris Ghione reported that since the District has had issues filling mechanic positions. The City's fleet at the corpyard was maintained by the District up until this last year. At the staff level the City is using different contractors. City Staff will ask the City Council to choose a different contractor for maintenance in the City's fleet.

4.4 Corpyard Space Study and moving forward

Public Service Director Chris Ghione reported that the Council and School District has approved the joint study for the corpyard which will be kicking off pretty soon. The City would like to continue using the property and explore the continued partnership with the District.

Superintendent Betando asked Public Service Director Chris Ghione to write out the configurations of what the city is thinking of with bringing on a contractor to service the fleet or a copy of the RFP for the service of the vehicles.

4.5 Britton Work and City Offsite Improvements

Director Casino Fajardo reported that Britton construction is moving along very well. There is a current issue with PG&E and have had the permanent power delayed. Will be starting the next phase of the projects but this is predicated on permanent power. The goal is to get the parking lot completed over the summer and knock down about 1 ½ wings old wings. Director Fajardo has been working with Public Service Director Chris Ghione on the offsite projects: Key Stone, Monterey Side and Central Side. The design is underway for Monterey and Central.

Director Fajardo shared the building phases for Britton:

Phase one – 24 2 story classroom buildings

Phase two – 6 U shaped science classrooms

Phase three - Student Union Building

4.6 Borello School Site Progress and Join Use/Park Development

Director Fajardo reported that we are currently waiting for the judgement from the court related to the Environmental Impact Report.

5. TOPICS OF MUTUAL INTEREST

5.1 Smoking Vaping

Director Fajardo reported that beginning with Britton the District is moving towards installing new heat sensors in bathrooms so that we can stop false fire alarms from happening from the smoke vaping causes.

City Manager shared that she and Chief Swing met with Assembly Member Rivas and the police chiefs from Hollister and Watsonville and vaping was discussed. Senator Rivas was very open to the work on vaping to find solutions to get it out of the hands of kids.

5.2 Vision Zero

Chief Swing shared that Vision Zero is active throughout our region and in Europe. The concept is design roads and spaces with the goal in mind of having zero fatalities and injuries related to bicycles and pedestrians The Council adopted Vision Zero philosophy about 12 months ago. As the city looks at different accidents and collisions and plans for different spaces they view with the mindset of Vision Zero. City Manager shared this topic will continue to come up again in future as projects present themselves and how we are applying Vision Zero.

CITY SCHOOL LIAISON COMMITTEE MEETING STAFF MEMO

Meeting Date: June 14, 2019
To: City School Liaison Committee Members
From: Chris Ghione, Public Services Director, City of Morgan Hill
Anessa Espinosa, Director of Facilities, Morgan Hill Unified

Subject: Field and Facility Rentals

This memo has been written to provide background information to the City School Liaison Committee on sports facility use, fees, and related matters.

Morgan Hill Unified Facilities

In accordance with Board Policy 1330, the Board authorizes the use of school facilities by district residents and community groups for purposes specified in the Civic Center Act, to the extent that such use does not interfere with school activities or other school-related uses.

The Civic Center Act states that “[e]very public-school facility is ... a civic center.” As a result, districts are frequently under pressure from businesses, public entities, non-profits, sports organizations and members of the public to provide access for use of their facilities. School districts have the ability to charge facility rental fees to offset the cost impacts associated with allowing the community to use its facilities, including direct costs and amortized capital costs.

In determining costs to be charged for community use of each, or each type of, school facility or grounds, the Superintendent or designee shall calculate, in accordance the community's proportionate share of the following costs: (Education Code [38134](#); 5 CCR [14038-14041](#))

1. Capital direct costs including the estimated costs of maintenance, repair, restoration, and refurbishment of non-classroom space school facilities or grounds.
2. Operational direct costs including estimated costs of supplies, utilities, janitorial services, other services of district employees and/or contracted workers, and salaries and benefits paid to district employees directly associated with the administration of the Civic Center Act to operate and maintain school facilities and grounds.

The majority of our renters utilize our sports fields at the various sites, after school and on weekends. On March 20, 2018 the Board took action on a three year roll out for facility rate increases which is included in Attachment 1.

City Facilities

The City of Morgan Hill has established rates for various parks, recreation facilities and public facilities. In almost all cases rental rates are established within market conditions to recover costs at the highest levels possible. Due to very limited general fund revenues, balancing cost recovery with community access has been a driving factory in City recreation functions for the last decade.

City Park and Field Facilities

The City rents a limited number of park and field facilities within City parks, including Community Park, Galvan Park and Paradise Park. Rates for these facilities are included in Attachment 2. Park and field facilities are maintained at an average to below average level due to limitations in maintenance resources. Rental rates for these facilities remain lower due to limited use requests based on the condition of the facilities.

Meeting Rooms and Gymnasium

The City makes available for rental various meeting rooms at City facilities along with the Centennial Recreation Center (CRC) Gymnasium. City programming is prioritized at the CRC Gymnasium leaving it only available at limited times for rental use by the community. Rates for these facilities are available in Attachment 3.

Morgan Hill Outdoor Sports Center

The Morgan Hill Sports Center has been the home for regional soccer tournaments for decades. Until 2008, the City did not take a role in actively managing the Center. After the renovation at that time, the City began requiring the operator to allow for community use in addition to regional use. This community use has occurred successfully for the last decade. Like other facilities the City attempts to balance, use at the facility to make the operation economically viable. During the recent selection of the operator for the facility, the City Council established the guiding principles of operations as Community Access and Economic Development.

The City has recently approved a change in the management of the Outdoor Sports Center, with a new operator set to commence operations in July. The associated staff report and new agreement is available for review on the City website at:

http://morganhillca.igmp2.com/Citizens/Detail_LegiFile.aspx?Frame=&MeetingID=1748&MediaPosition=9428.221&ID=2112&CssClass=

Maximum fees have been established in the new agreement and are included in Attachment 4. It should be noted that the agreement is formatted to help the operator recover direct costs, and also develop a replacement fund to fund future replacement of the major facility components down the road. The City recently replaced the artificial turf fields at the facility for a cost of approximately \$1.4 million and does not foresee having funds available for the next replacement in the future, if a replacement fund is not established.
